Dear Brother:

A crucial election faces us June 16th. Most policemen are seriously concerned with its outcome because of the many statements made by the Gibson people through the years. They are a matter of record.

In the first place the Civilian Review Board will be forced upon us by Gibson and the six councilmanic candidates of the Black and Puerto Rican convention.

Secondly, the \$2,500 in urban aid that we fought for so hard will be turned over to welfare as they have repeatedly urged.

Thirdly, many of our powers will be restricted such as prohibiting us from carrying guns off duty, etc. etc. Who knows what else they will do.

Lastly, those with dual residences will be forced to bring your families back to Newark.

All of us, black or white, have an important stake in this election. Do not fail to exercise your vote intelligently.

Fraternally,

CONCERNED POLICE COMMITTEE
